

## **Hands on Experience with Seismic Data Interpretation**

Instructor: Dr. Satish Kumar Sinha

Profile: [http://rgipt.ac.in/Satish\\_Kumar\\_Sinha.htm](http://rgipt.ac.in/Satish_Kumar_Sinha.htm)

Details of the workshop:

This is a one day workshop on “Seismic Data Interpretation” where participants will get to work on 2D and 3D reflection seismic data set in a “Workstation with Dual Monitor” environment. Some theoretical background will be given during the workshop. You will learn:

1. Seismic to well tie
2. Horizon picking
3. Fault mapping
4. Contour maps
5. Seismic Attributes Generation and Extraction

Registration Fees: Rs. 5000

Breakfast, Lunch, Snacks will be provided. You will stay at our guest house.

Number of seats is limited to Ten (10) only.

Date for the workshop: March 26, 2017

In case of any question, please feel free to call the instructor (Mobile: 9453045135)
